

NATURE'S HEAVEN HOMES

www.naturesheavenhomes.com/

About Us

We at Nature's Heaven Home provide you with an escape from city life and a place where you can be near mainstream life and still experience a parallel world. Luxury amenities and a world-class peace feeling can be found at these lavish lifestyle condo apartments. In the lap of Mother Nature, you'll find a second home. We truly mean peace when we say it with every word we say. Our commitment to our statements is unwavering.

Providing and continuously setting up the milestone as the real estate company, Nature's Heaven Home's team consists of professional artists of real estate.

Project Details

MASTER PLAN

Located in the city of Dharampur-Kasauli, District Solan, these condominium apartments are away from the glitz and glamour of the city.

The Chandigarh-Shimla Highway (NH5) connects DHARAMPUR with Kalka via the Toy Train.

Why Invest ?

- In India real estate is the second largest employer after agriculture. In past few years this sector has grown @ 30%. The kind of capital gain you get in real estate you don't get it anywhere.
- Residential market has grown at the rocket speed after Covid, foreseeing the work from home culture and additional income security Nature's Heaven Homes has come up with a holiday home project at the ideal location.
- Close to the national highway in order to give you great capital gains.
- Being centrally located on a most demanded tourist place, that will fetch you handsome additional/Rental income
- It is ideal for easy connectivity to the airports, Railway Stations and any other means.

Why Nature's Heaven Homes?

Offering living standards, panoramic mountain views and unmatched luxurious features. Features of Nature Heaven Home will leave you with a surprise package of facilities and features it is providing step out of the area just to explore other places or else each and every facilities will be provided in the premises only. You must have missed few facilities in the city's life, we promise you can feel extra comfort.
